[Download LockDown Browser](#)

[Check your LockDown Browser Setup](#)

[Launch LockDown Browser](#)

[Back to the course](#)

6. Download and Install the LockDown Browser on your Laptop/Computer (Please does not download any/general Lockdown browser file), downloaded it from our account link 'Indian Institute of Management Ahmedabad' only customized browser will work on Windows or Mac/loS in our exam.

The screenshot shows the Respondus LockDown Browser installation interface. At the top, it says 'Respondus Assessment Tools for Learning Systems'. Below that, a blue header reads 'LockDown Browser'. The page is divided into three columns: 'OVERVIEW', 'VERSION', and 'INSTALL'. The 'OVERVIEW' column features a video player with a play button and the text 'ONLINE EXAM' and 'This brief video explains the basic features of LockDown Browser and why it's used at your institution.' The 'VERSION' column shows a padlock icon, the version '2.0.6.08', system requirements for Windows 10, a download size of 71.8 MB, and a link to 'System requirements'. The 'INSTALL' column includes the text 'Install LockDown Browser for: Indian Institute of Management Ahmedabad' and a prominent yellow 'INSTALL NOW' button circled in red. Below the button, there is a note about antivirus software and a link to the license agreement.

7. Your browser will download the 'LockDownBrowser-2-0-6-08.exe and' for Mac-IOS 'LockDownBrowser-2-0-6-08.app' need to install on your laptop/device by double clicking the file.
8. After successful installation, go back and click on 'Launch LockDown Browser' and 'open LockDown browser' for taking exam.
9. LockDown browser will ask to close the certain process like TightVNC, AnyDesk or other messaging/chat applications; please close them (If you are getting similar message for zoom application, means you have not setup the IIMA version of LockDown browser).
10. After successful installation your screen will be prompted for 'Start Quiz', please try quiz and complete the same as per lockdown browser instructions. Terminating in between the quiz will get saved as incomplete exam and you may be disqualify for the exam.
11. If the exam has been set not to close in between, you cannot close/exit the browser in between. If exam has been set for early exist, closing the exam in between will ask you the reason for exit, please type the valid reason for quitting the exam; your response will be get recorded.
